

DISTRACTED DRIVING PREVENTION TECHNOLOGY

EVVY SOLUTION

Mobile Device Policy enforcement with every mile

Neutralizes dangerous distracted driving behavior caused by cell phone "addiction"

Works on Android and iOS devices

Integrates seamlessly with telematics platforms (Geotab, Platform Science, Trimble, Orbcomm, Omnitracs) for easy management

Offers comprehensive driver activity and compliance reporting

Competitively priced - fast and easy to implement

KEY FEATURES

- Automatically locks driver's phone when vehicle moves
- Detects and reports unauthorized 'Rogue Devices' in the vehicle
- Keeps drivers safely connected with handsfree capabilities and select Allowed Apps
- Multiple zone configurations for different user needs and restrictions
- Driver performance monitoring with the MotionIQ dashboard aids training and increases driver retention

VALUE
< 60 Day
ROI

Based on a 25% reduction in accidents
