

It's all about **SAFETY**

FLEET SAFETY CONFERENCE

October 29-31, 2018

M Resort Spa Casino, Henderson, NV

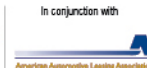

In conjunction with

Tomorrow's Technology for a Safer Fleet Today

Ever-advancing technology provides fleet managers more options than ever in the world of risk and safety. This session will cover the latest safe-driving apps, what's new with driving training – virtual reality anyone? – and we'll also cover what's needed to implement for your fleet. Join us to learn about these initiatives and more during this fun, innovative session.
