## LABOR ORDERING INSTRUCTIONS

### Step 1 Review Jurisdiction Information Below

The work outlined under Electrical Jurisdiction below must be performed by Edlen Electricians and cannot be performed by any other union or I&D House. The Power Delivery section indicates if power typically comes from the ceiling or the floor which may impact your booth layout.

### Step 2 Complete the Appropriate Form

There is a different form utilized to schedule labor in your booth space. This allows exhibitors to pre-pay the estimated labor cost. This is only an estimate. Final labor and/or lift cost may be greater or less depending on time required and minimum labor charges.

#### A. Electrical Distribution

This form is used for the distribution of power on the floor in your booth space. This form should be completed for all island booths. Inline and peninsula booths need to provide this information only if power is required at any other location than the rear of the booth space.

### Step 3 Return the following forms to Edlen

Electrical Order, Method of Payment, applicable Labor Forms and Electrical Layout.

  - D. If power is only required in one location in Island booths, indicate that location with measurements on your electrical layout.
2. What date will you begin building your booth?
  - A. Date: \_\_\_\_\_ Time: \_\_\_\_\_
